## Remarks

### For the Information Disclosure:

The above-identified application is related to, and copending with, "Method For Providing A Current Location Of A Wireless Communication Device," by Rajamani Ganesh, U.S. Patent Application Serial Number 10/032,355. An Office Action, dated 24 February 2005, was recently received in connection with the copending application, Serial Number 10/032,355. A supplemental information disclosure statement citing all references revealed in the 24 February 2005 Office Action to the copending application (Serial Number 10/032,355) is being submitted herewith for the Examiner's consideration.

### For the Claims:

Applicant submitted claims 1-25. In a first Office Action, dated 15 July 2004, claims 1-6, 15-17, 20, and 22 were rejected, claims 7-14 and 21 were objected to as being dependent upon rejected base claims, and claims 18, 19, and 23-25 were allowed. In an Amendment filed on 15 October 2004, Applicant canceled claim 6, amended claims 1, 7, and 13, and retained claims 2-5, 8-12, and 14-15 as originally submitted. Consequently, claims 1-5 and 7-25 remain pending in the above-identified application.

The 15 July 2004 first Office Action rejected claims 1-4, 6, and 17 under 35 U.S.C. 102(e) as being anticipated by Thomas, U.S. Publication No. 2003/0060212. In addition, the first Office Action rejected claim 5 under 35 U.S.C. 103(a) as being unpatentable over Thomas in view of Kall et al., U.S. Publication No. 2004/0058692 (hereinafter Kall), and rejected claims 15, 16,

20, and 22 under 35 U.S.C. 103(a) as being unpatentable over *Thomas* in view of *Negishi*, U.S. Patent No. 5,974,330.

In response to the 15 October 2004 Amendment, this Office Action maintains the rejection of claims 1-6, 15-17, 20, and 22. In addition this Office objects to claims 7-14 and 21 and allows claims 18, 19, and 23-25. It should be noted that claim 6 was canceled in the 15 October 2004 Amendment. Consequently, the "rejection" of claim 6 in this Office Action is disregarded herein. Applicant cancels claims 7 and 21, amends claims 1, 8-14, and 20, and retains claims 2-5, 15-19, and 22-25 as originally submitted. Applicant respectfully requests consideration.

This Office Action rejects claims 1-4 and 17 under 25 U.S.C. §103(a) as being unpatentable over *Thomas* in view of *Buckham et al.*, U.S. Patent No 6,662,016, a newly cited reference (hereinafter *Buckham*). In addition, this Office Action now rejects claim 5 under 35 U.S.C. 103(a) as being unpatentable over *Thomas* in view of *Buckham*, and further in view of *Kall*, and rejects claims 15, 16, 20, and 22 under 35 U.S.C. 103(a) as being unpatentable over *Thomas* in view of *Buckham* and further in view of *Negishi*.

Independent claim 1 is being amended to include all limitations of objected to claim 7. As such, claim 7 is being canceled. Objected to claims 8-14, which formerly depended from claim 7, are being amended to depend from amended independent claim 1. Independent claim 20 is being amended to include the limitations of objected to, dependent claim 21. As such, claim 21 is being canceled. In light of these modifications, Applicant respectfully requests the withdrawal of the associated rejections

of claims 1-5, 15-17, 20, and 22 under the provisions of 35  
U.S.C. §103(a).

Accordingly, this Amendment cancels claims 7 and 21 and  
amends claims 1, 8-14, and 20. Currently amended claims 1, 8-14,  
and 20 remain in the application and are believed to be  
allowable. In addition, claims 2-5, 15-17, and 22 remain in the  
application as originally submitted and are believed to be  
allowable, and previously allowed claims 18, 19, and 23-25 remain  
in the application as originally submitted.

Applicant believes that the foregoing amendments and remarks  
are fully responsive to the rejections and/or objections recited  
in the 8 March 2005 Office Action and that the present  
application is now in a condition for allowance. Accordingly,  
reconsideration of the present application is respectfully  
requested.

Respectfully submitted,

Date: June 8, 2005
